

**Critical Acclaim for  
“A HEALTHY BABY GIRL”**

By Judith Helfand

“Turns medical statistics into human beings and as it mixes with the rich affection of the family at its center becomes something irresistible and transforming.”

**John Anderson**

*New York Newsday*

“A must-see. ... One of the best films ever made which goes beyond facts and figures to show the impact-on an entire family-of corporate disregard for women's health.”

**Cindy Pearson**

*National Women's Health Network*

“A vital resource. Medical school libraries should definitely purchase so the doctors and nurses of tomorrow can be made aware of the huge impact of past medical decisions.”
